Introduction

The Virginia Enterprise Zone (VEZ) program is a partnership between state and local government that encourages job creation and private investment. VEZ accomplishes this by designating Enterprise Zones throughout the state and providing two grant-based incentives, the Job Creation Grant (JCG) and the Real Property Investment Grant (RPIG), to qualified investors and job creators within those zones, while the locality provides local incentives.

VEZ grants are subject to an annual appropriation by the General Assembly. By statute, the JCGs receive funding priority. After fully funding the JCGs, the remaining funds are allocated to the RPIGs and the amount paid to each RPIG applicant is prorated proportionally if grant requests exceed the remaining funds.

In Grant Year 2024, RPIGs were fully funded for the third consecutive year. In the past, the program faced challenges in fully funding grant applications. Since 2021, however, there has been an increase in program funding, allowing for the full financing of JCG and RPIG grants.

Submittal Requirements

APPLICATIONS MUST BE SUBMITTED THROUGH THE SYSTEM NO LATER THAN 11:59PM, APRIL 1, 2026 (EDT). Applicants will be prompted to save and print the completed application for their own records. DHCD is unable to pre-qualify any applicants.

LATE APPLICATIONS/APPLICATIONS WITHOUT CPA ATTESTATION REPORT | Any application submitted without the required CPA Attestation Report or submitted after the deadline will be considered late. MUST BE LOCATED IN AN EZ TO BE ELIGIBLE

Contact your Local Zone Administrator (LZA) (usually a member of the locality's Economic Development staff) to confirm that the building or facility is within the boundaries of an Enterprise Zone. Contact information for LZAs is available online at: dmz1.dhcd.virginia.gov/EZoneportal/ZoneAdminInfo.aspx

BUILDINGS & FACILITIES ARE ELIGIBLE

A facility is a complex of buildings, co-located at a single physical location within an Enterprise Zone, all of which are necessary to facilitate the conduct of the same trade or business. A facility typically represents a group of buildings under common ownership, management, and operations. Examples of facilities: mall, lumber mill plant, hotel with multiple buildings.

Common management and operations means that the group of buildings is designed to function as a unit, such that in the case of tenants, a management company dictates their hours of operations, etc. Clustered buildings that are not related operations but choose to co-locate for convenience or by coincidence do **not** constitute a facility. Clustered buildings that share operations, amenities, and employees **do** constitute a facility.

ELIGIBLE PROPERTY END-USES

- Commercial (includes office space)
- Industrial
- Mixed-use—those incorporating residential uses in which a minimum of 30% of the

usable floor space is devoted to commercial, office, or industrial use. (No more than 70% of the usable floor space in a mixed-use building or facility may be devoted to residential use to be eligible.)

ELIGIBLE PROPERTY INVESTMENTS

- Rehabilitation (with or without solar)
- Expansion (with or without solar)
- New construction (with or without solar)
- Solar-only (meaning solar is the only component added to the building or facility)

Eligible Applicants

APPLICANTS/ZONE INVESTORS

The entity or individual capitalizing or expensing the costs associated with the real property investment is the applicant/zone investor and may apply for the RPIG and includes:

- Property owner (occupant or non-occupant)
- One of multiple owners within a building
- Tenant
- Developer

MULTIPLE OWNERS IN A BUILDING/FACILITY

The applicant must coordinate qualification with all other owners within the building/facility.

The qualified zone investor applying for an RPIG must have adequate documentation (such as a deed of trust or an official property assessment) to indicate the portion of the building (square footage) owned by the zone investor on the date of issued placed in service document.

The applicant must also request supporting documentation to determine the portion of the building that is owned by the other individuals or entities.

In cases where the required coordination does not take place, DHCD will determine the maximum grant amount available based on the proportion of the building the applicant owns.

1. The maximum grant amount available (either \$100,000 or \$200,000) will be determined by the cumulative qualified real property investments made to the building/facility within the consecutive 5-year period.
2. DHCD will then multiply the applicable grant cap by the percent of the building's usable floor space for which the tenant has a lease or for which the owner has a deed of trust.

For qualified real property investments less than or equal to \$20 million, the grant cannot exceed the amount of 20% of the applicant's qualified real property investment made in excess of the applicable investment threshold (not to exceed the maximum investment cap), whichever is less. For qualified real property investments greater than \$20 million, the grant cannot exceed the amount of 25% of the applicant's qualified real property investment made in excess of the applicable investment threshold (not to exceed the maximum investment cap), whichever is less.

Qualified zone investors applying as an owner of space within a building **must** submit supplemental forms verifying coordination with the other owners. Coordination requires all owners to provide their notarized signatures and square footage owned as indication of their understanding that RPIG awards are capped per building or facility. This is to ensure that no more than the applicable grant cap is requested within a 5-consecutive year period for the building or facility. All forms must be uploaded and submitted in the EZ Submission System at the same time as other application materials.

TENANTS

Tenants may apply for qualified real property investments made to the portion of the building for which they hold a valid lease, only if the improvements were made directly by the tenant and not the owner of the property.

Only leasehold improvements made directly by a tenant or improvements made under a capital lease are considered grant eligible.

Qualified zone investors applying as a tenant **must** submit supplemental forms verifying coordination with the owner of the property and/or other tenants. Coordination requires all owners and/or tenants to provide their notarized signatures and square footage owned as indication of their understanding that RPIG awards are capped per building or facility. This is to ensure that no more than the applicable grant cap is requested within a 5-consecutive year period for the building or facility. All forms must be uploaded and submitted in the EZ Submission System at the same time as other application materials.

INVESTMENT	APPLICANT
Leasehold improvements made directly by tenant	Tenant
Improvements made by landlord/owner under a capital lease	Tenant
Improvements paid for by landlord/owner as part of an operating lease	Landlord and/or owner

DEVELOPERS

If a developer incurred expenditures for the real property investments but does not own the building at the time of application for RPIG, additional documentation must be submitted. Depending on the developer/owner situation, different forms of documentation will be required.

If the developer owned the building when placed-in-service documentation was issued (the name of the developer is listed as “owner” on placed-in-service document), the developer must provide documentation that verifies ownership at the time of issuance. This could be a parcel print out that provides transaction history or a sales document that proves the date of sale as **after** the placed-in-service issuance.

If the developer sold the property before the issuance of the final placed-in-service documentation, the developer must prove that they have received consent from or coordinated with the current building owner(s) in one of two ways:

- Provide the sales contract with the new owner(s) that notifies them of the grant availability and the developer’s intent to apply.

- Provide a letter that notifies the current owners of the grant availability and the developer’s intent to apply. The letter must be signed by the current owners and notarized.

If the developer builds a new building and sells the office space within the building prior to receiving the final Certificate of Occupancy (CO), then then the developer may be eligible for the maximum grant amount. The developer **must** stipulate that the intention to apply for the full grant amount was in the sales contract with the new owners (developer **must** provide this to DHCD). If there was no stipulation, the grant request must be coordinated with the other owners of the building as of the date of the issued CO or other applicable final placed-in-service documentation. A notarized letter signed by the current owners qualifies as coordination.

Determination of Grant Year

GRANT YEAR = YEAR THAT THE PROPERTY WAS PLACED-IN-SERVICE

An applicant must apply for the RPIG for the calendar year in which the building was placed in service. To be eligible for Grant Year 2025, the placed-in-service documentation must be approved within the 2025 calendar year (between January 1 and December 31, 2025). Grant Year 2025 RPIG applications are due by 11:59 p.m. on April 1, 2026.

The RPIG application may only include qualified real property investments that were completed under the final placed-in-service document provided and capitalized or expensed by the qualified zone investor. The placed in service date is:

- the date in which the final, approved CO is issued
- the date in which a final inspection is approved for work done at the property, as long as no other trades permits are pending for the project and a CO was not required
- in cases where the locality did not require permits, the date of a licensed third party inspector’s report which states that the project is complete (accompanied by a letter from the locality stating no permits were required for the scope of work)

Due to statutory restrictions, DHCD is unable to process applications with placed-in-service documentation from previous calendar years, such as a final building inspection or final CO issued in 2024. Also, properties placed-in-service during 2026 will need to wait until the next grant cycle to apply for funding.

Qualified Real Property Investments

Prior to beginning an RPIG application, a qualified zone investor should determine if they meet the basic qualification criteria. Applicants should first assess the applicable type of qualified real property investment— [rehabilitation](#), [expansion](#), or [new construction](#). They should then determine if they meet the respective minimum investment threshold in

INVESTMENT	APPLICANT
Rehabilitation & expansion	\$100,000 in QRPIs
New Construction	\$500,000 in QRPIs
Solar-only (solar is the only component added to a building/facility)	No minimum threshold

qualified real property investments.

Qualified real property investments include expenditures associated with any exterior, interior, structural, mechanical, or electrical improvements necessary to construct, expand or rehabilitate depreciable real property for commercial, industrial, or mixed use. Qualified real property investments include any such expenditure regardless of whether it is considered properly chargeable to a capital account or deductible as a business expense under federal Treasury Regulations.

INVESTMENT	APPLICANT
Rehab/Expansion with solar	If solar investment is more than \$50,000, the minimum threshold is \$50,000 in QRPIs
New construction with solar	If solar investment is more than \$50,000, the minimum threshold is \$450,000 in QRPIs

For example, if a zone investor's QRPI in the rehabilitation of an existing building is \$500,000, the amount of RPIG they would be eligible to apply for is \$80,000 (\$500,000 - \$100,000 threshold = \$400,000 grant eligible QRPI; 20% of \$400,000 is \$80,000).

INVESTMENT TYPE	REHAB &/OR EXPANSION	NEW CONST	REHAB/ EXP. CAPPED	NEW CONST. WITH OVER \$50K SOLAR	REHAB/ EXP. WITH OVER \$50K SOLAR	SOLAR-ONLY
TOTAL QRPI	\$500,000	\$900,000	\$2,000,000	\$1,000,000	\$100,000	\$75,000

GRANT-ELIGIBLE QRPI	\$400,000	\$400,000	\$1,900,000	\$550,000	\$50,000	\$75,000
MULTIPLY BY 20 %	X .20	X .20	X .20	X .20	X .20	X .20

QUALIFIED INVESTMENTS

How to know if something qualifies for RPIG:

1. Was it capitalized or expensed on the qualified zone investor's books? (If no, then ineligible.)
2. How is it taxed by the locality? (If not Real Property, then ineligible).
3. If the tenant moved out, could the item be removed? (If yes, then ineligible).

These questions are not a clearinghouse for qualification. For questions regarding the eligibility of certain investments, please contact DHCD at ezone@dhcd.virginia.gov.

QUALIFIED	UNQUALIFIED	QUALIFIED	UNQUALIFIED
Clearing	Sewer tie-in fees	Clean up	Utilities
Concrete excavation or earthwork	Utilities	General Labor	Travel

SITE WORK AND GENERAL CONDITIONS

"Site work" and "general conditions" are common schedule items; however, not all items typically included under these categories constitute QRPIs. Often, unqualified items are inappropriately lumped into "site work" or "general conditions" and therefore, it is always best to break down and list all work included under the "site work" and "general conditions" categories.

CONDITIONAL ITEMS

The following items qualify as real property investments (i.e. their corresponding dollar amount can be included in the investment total) only if the described conditions are met.

Awning/canopy	Must be structurally part of building/roof to qualify. Awnings or canopies that are fabric or non-structural do NOT constitute a real property investment. If possible, submit a photo with hard-copy application.
Change orders	Needs to be broken down into more specific categories, such as "additional flooring work" in order to ensure that each item is a qualified real property investment.
Plumbing/piping	Can only include work that is structurally within the building/facility, not what runs from the building to the public utilities.
Kitchens	The improvements must be structurally part of the building (such as hood or walk-in freezer that is taxed as real property and not business personal property). Kitchen appliances and furniture are ineligible.

Details and instructions regarding each of the listed application materials are included in the following sections. All supplemental forms are available on the EZ Online Submission System site at:

dmz1.dhcd.virginia.gov/EZonePortal/Default.aspx

SUBMISSION DEADLINE

All application materials are due by 11:59 p.m. on April 1, 2026.

PLACED-IN-SERVICE DOCUMENTATION

All RPIG applications must include an **approved** & **final** placed-in-service document for the qualified real property investments. Acceptable documents:

1. Certificate of Occupancy
2. Final building inspection
3. Licensed third-party inspection report-for projects that do not require any permits

Applicants must apply with the highest form of placed-in-service document required by the locality. If the nature of the project requires a CO, a qualified zone investor **cannot** apply with a final building inspection even if a final building inspection was issued prior to a Certificate of Occupancy. DHCD verifies placed-in-service documentation issued/required for each project with local building code departments.

When submitting the final placed-in-service documentation, please make note of the following:

- The name on the final CO, final building inspection, or licensed third-party inspector’s report must match the qualified zone investor’s legal name on Part 1, #1 of the Sample Application Page document.
- The physical address on the final placed-in-service documentation must be within an Enterprise Zone and must match the physical address listed on Part 1, #4 of the Sample Application Page document.

- If the name or address on the documentation differs from what is listed on Part 1, #1 & 4 of the Sample Application Page document, the applicant must complete Part II, Box B to explain the differences.
- The date on the placed-in-service document must fall within the 2025 calendar year.

CERTIFICATE OF OCCUPANCY

The CO must be **final**, meaning it is **not** temporary, conditional, or pending. For information regarding projects that require a Certificate of Occupancy, see Section 116 of the Virginia Uniform Statewide Building Code.

FINAL INSPECTION

When submitting a final building inspection as the placed-in-service documentation, the inspection must be **approved** by the local jurisdiction in which the project was completed and final, meaning the final building inspection is completely passed and there are no associated trades permits still pending. There should be **no** pending items or additional work (however minor they may be) remaining when such a document is submitted.

In some localities, final building inspections are issued prior to the finalization of associated trades inspections (mechanical, electrical, plumbing, etc.). DHCD does not consider a property fully placed-in-service until all building permits are finalized, including trades. In addition, DHCD does NOT accept letters from the locality as adequate final inspection placed-in-service documentation. For information regarding projects that require a final building inspection, see Section 113.8 of the Virginia Uniform Statewide Building Code.

Example: During your inspection, the inspector noticed that the handrails along the stairway were loose and documented that the inspection was approved pending the installation of the new handrails. You ordered new handrails, had them installed, and received another final building inspection that was approved in January 2026. Can you still apply for the 2025 calendar year?

The final inspection wasn't fully approved until 2026, so the zone investor/applicant would need to wait and apply for the 2026 calendar year. This holds true even if the final inspection was originally conducted in 2025. The inspection has to be completely passed with no pending items.

LICENSED THIRD-PARTY INSPECTOR'S REPORT

A licensed third-party inspector's report (performed, signed, and dated within the 2025 calendar year) can be submitted as the placed-in-service document only when a project does not require any permits. The third-party inspector's report must meet the guidelines set forth by the local jurisdiction in which the project was completed. The inspection report should reference the qualified zone investor, the physical address of the Zone Establishment, and shall list the qualified zone investments and the dates in which they were inspected for completion. The property is considered placed-in-service on the date of the third-party inspection, not the date of the report.

It is the responsibility of the applicant to provide documentation from the locality that no permits were required for the scope of work included in the application. The locality's building

officials must provide a letter on official letterhead that references the physical address of the zone establishment and lists the qualified real property investments for which the applicant is seeking the grant.

Based on [Section 113.7.1](#) “Third-Party Inspectors” of the Virginia Uniform Statewide Building Code: “Each building official charged with the enforcement of the USBC shall have a written policy establishing the minimum acceptable qualifications for third-party inspectors. The policy shall include the format and time frame required for submission of reports, any prequalification or preapproval requirements before conducting a third-party inspection and any other requirements and procedures established by the building official.”

SUPPLEMENTAL FORMS | FORM EZ-RPIG MULTIPLE OWNER

For a Qualified Zone Investor that owns a space within a building, the supplemental form EZ-RPIG Multiple-Owner must be uploaded in Part VIII of the portal submission system. This form documents the amount of space within the building or facility owned by the applicant and enables the applicant to coordinate the qualification process with the other owners of the building/facility. Each owner within the building/facility must sign the coordination statement on Page 2 of the form.

In the case where there has been no coordination with the other owners, DHCD will implement its proration procedures based on the [usable floor space](#) owned by the Qualified Zone Investor. The maximum grant amount available is determined by whichever is less of the following scenarios:

- The square foot percentage owned by the Qualified Zone Investor (as documented in Part II of the supplemental form) multiplied by the applicable investment cap, \$100,000, \$200,000, or \$300,000
- For qualified real property investments less than or equal to \$20 million, 20 percent of the Qualified Zone Investor's grant eligible investment, capped at the applicable limit or

the cumulative level of investment; or

- For qualified real property investments greater than \$20 million, 25 percent of the Qualified Zone Investor’s grant eligible investment, capped at the applicable limit or the cumulative level of investment; or
- The square foot percentage owned by the Qualified Zone Investor (as documented in Part II of the supplemental form) multiplied by the applicable investment cap, \$100,000 or \$200,000.

The purpose of coordination is to ensure that no more than the applicable grant cap is requested within a 5 consecutive year period for the building or facility. This especially holds true in instances where there are multiple applicants from the same building that simultaneously apply for the RPIG for work completed in the same calendar year.

Irrespective of each applicant’s level of investment, coordination entails that the Zone Investors agree upon the amount each owner will request such that no more than the applicable grant cap is requested within a 5-consecutive-year period.

FORM EZ-RPIG TENANT COORDINATION

Form EZ-RPIG Tenant Coordination is required when tenants applying for RPIG funds receive owner consent contingent upon the notification and coordination of all other tenants in the building. For tenants applying for the grant, the tenant is required to:

1. Disclose the total number of square feet in the building in addition to the amount of space they are leasing from the owner.

PART II: QUALIFICATION INFORMATION	
1. Square footage leased by zone investor (for which grant is being sought) ▪ Square footage as indicated on valid lease agreement.	1. <input type="text"/> square feet
2. Total useable floor space in building ▪ For multi-tenanted buildings, this amount should equal the sum of the values entered Line 1 (above) and in Part III Cell C of the EZ-RPIG Tenant Coordination Form.	2. <input type="text"/> square feet
3. Total useable floor space occupied by zone investor ▪ Divide line 1 by line 2 and multiply by 100.	3. <input type="text"/> %

2. Coordinate with all other tenants in the building/facility, by having them fill out the Tenant Coordination Form which must be notarized.

PART III: COORDINATION		
I am an authorized representative of the tenant located within the building/facility located at <u>Physical Address of Zone Establishment, Town/County/City, Virginia, Zip Code</u> . I acknowledge that <u>Qualified Zone Investor's Legal Name</u> is applying for the Real Property Investment Grant.		
As a representative of the owner listed below, I give my consent to <u>Qualified Zone Investor's Legal Name</u> , listed in Part I, Box 1, to apply for the Real Property Investment Grant in the amount of <u>\$Grant Requested</u> . I am aware that the Real Property Investment Grant is capped per building or facility within 5-consecutive-years and the filing of this application and subsequent disbursement of funds will be counted towards reaching the grant cap applicable to this property for 5 consecutive years.

<input type="text"/>			<input type="text"/>

4. Upload the document in Part VIII of the RPIG page of the EZ Submission System.
5. If the owner requires coordination (as indicated on the Tenant-Owner Consent Form) with other tenants and no coordination is provided, DHCD will apply its proration formula to the grant award as illustrated in the example below:

Example: A commercial building is occupied by two tenants. Each makes improvements to the portion for which they hold a valid lease but the two tenants do not coordinate their applications for the RPIG. The total usable floor space in the building is 100,000 square feet. Each of these tenants occupies one half of the building (50% each). Tenant A spent \$500,000 in qualified real property investments; Tenant B spent \$200,000 in QRPIs.

- Since the cumulative investment in 2025 (between tenants A and B) is less than \$5 million, the maximum grant amount for the entire building is capped at \$100,000. Because Investors A and B each occupy 50% of the building, the grant cap translates into a maximum of grant award of \$50,000 per tenant. While 20% of \$400,000 is \$80,000, Investor A would only be eligible to receive a maximum RPIG of \$50,000. Investor B, however, would receive the full \$20,000 (20% of \$100,000) because he is still under his individual cap of \$50,000. If the two investors had coordinated, both could have received their full request: \$80,000 for Investor A and \$20,000 for Investor B.

FORM EZ-RPIG MIXED-USE

The supplemental Form EZ-RPIG Mixed-Use must be uploaded in Part VIII of the RPIG page of the Portal submission system for Qualified Zone Investors applying for qualified investments to a mixed-use building. Mixed-use is defined in Section 59.1-548A of the Code of Virginia as “a building incorporating residential uses in which a minimum of 30 percent of the usable floor space will be devoted to commercial, office, or industrial use.” For a property that contains any residential or non-commercial uses, the applicant is required to:

1. Obtain a declaration from the preparer of the measure drawings or plans for the work done to the referenced building. The preparer of these plans may be the licensed architect, surveyor, or drafts person (or representative of the architect, surveyor, etc.) that created the approved plans that were submitted to the locality to obtain the necessary permits for the real property investment. This individual will supply the [usable floor space](#) calculations as indicated on the measured drawings/plans.

PART II: QUALIFICATION INFORMATION		
1. Number of Useable Floors in Building	1.	<input type="text"/>
2. Useable Floor Space By Use * See the Real Property Investment Grant Instruction Manual for the definition of "useable floor space."		
a. Useable square footage for <u>office, commercial, or industrial use</u>	2a.	<input type="text"/> square feet
b. Useable square footage for <u>residential use</u>	2b.	<input type="text"/> square feet
3. Total Useable Floor Space ▪ Add Part II, Boxes 2a + 2b	3.	<input type="text"/> square feet
4. Total useable floor space in building <u>devoted to commercial, office, retail, or industrial use.</u> ▪ Divide Box 2a by Box 3 and multiply by 100. ▪ Box 4 must be at least 30 percent of the useable floor space to meet the VEZ definition of mixed-use.	4.	<input type="text"/> %

2. Obtain an official American Institute of Architects seal on the form. If the preparer of the plans is a surveyor, draftsperson, contractor, etc., that individual must have his/her signature notarized on the form. If the preparer cannot be contacted, the applicant may obtain third party verification by a licensed, independent third party as described below.

PART III: ARCHITECT VERIFICATION
PREPARER OF MEASURED DRAWINGS/PLANS: I, the undersigned, declare that I have prepared the measured drawings/plans used to complete this form and that such plans were submitted to the locality and approved in order to obtain the necessary permits for the mixed-use building. In addition to my signature, I have included my professional seal (i.e. AIA) as the verification that the information on this form is accurate and based on the above mentioned measured drawings/plans. If an architect did not prepare the drawings, the preparer of the drawings (i.e. surveyor, draftsperson) must sign and have this form notarized.

3. Third Party Verification: If no plans were required by the local jurisdiction to obtain the necessary building permits for the project or if the applicant (or a member of the applicant's firm) prepared his/her own drawings, EZ-RPIG Mixed-Use, Part II can be completed by the applicant and verified by a licensed, independent third-party. The licensed third-party will need to provide his/her signature on the form, verifying the accuracy of the information provided in Part II.
 - o A letter from the local jurisdiction's Building Code Office verifying that no plans or drawings were required must be included with the application materials. A licensed third-party can be an architect (AIA seal required), surveyor, or draftsman (notarization required).
4. Sign the declaration.

GRANT APPLICANT REPRESENTATIVE: I, the undersigned representative of the qualified zone investor, declare that the information has been prepared and examined by me and is, to the best of my knowledge, accurate. I also understand that I will disclose the lease or other applicable real estate documents to the CPA performing the agreed upon procedures established by DHCD and to DHCD at their request.

COMMONWEALTH OF VIRGINIA W-9

A completed Commonwealth of Virginia W-9 form must be submitted with each grant application in Part VIII of the RPIG page of the Portal Submission System. The FEIN or SSN listed in PART I must match the FEIN or SSN on the W-9. A blank W-9 form can be found here: doa.virginia.gov/forms/CVG/W9_COVSubstitute.pdf

DISREGARDED ENTITIES & SUBSIDIARIES

The applicant should be the company or individual that is capitalizing on the investment. The applicant cannot be a disregarded entity. Often, disregarded entities have a parent company and in that case, the parent company; should be the applicant. In other cases of a disregarded entity the individual owner is the applicant and should apply in their own name with their social security number. If the zone investor is a disregarded entity for tax purposes, please utilize the Legal Name and FEIN/TIN of the parent/taxable entity on Form EZ-RPIG, and fill out the [Commonwealth of Virginia W-9 Form](#) accordingly.

CPA ATTESTATION REPORT

As required by statute, a CPA must perform an attestation following the Agreed-Upon Procedures outlined by DHCD with every RPIG application. There are no exemptions from the attestation for RPIG applications. The CPA must be independent of the Qualified Zone Investor and licensed by the Commonwealth of Virginia. The CPA will test the documentation and calculations used to prepare the Real Property Investment Grant application and will report on these procedures and their findings in the Attestation Report. This report is to be signed by the CPA and uploaded into Part VIII of the RPIG page of the portal submission system by April 1, 2026.

Contact your CPA to find out if they can fulfill the attestation requirements for the Real Property Investment Grant application. All CPAs should know if they are able to perform agreed upon procedures. These procedures and additional information is available on the EZ Online Submission System site at:

dmz1.dhcd.virginia.gov/EZonePortal/cpas.aspx

Can your CPA prepare the application and accompanying materials and attest? Professional standards (AICPA) provide that a CPA can offer assistance provided the CPA does not assume management responsibilities, such as making management decisions or performing management functions. The decision to follow any advice provided remains with management of the entity.

TAXABILITY OF GRANTS

Under IRS regulations, grant awards may be considered taxable income. A 1099-G will be issued to all grantees for the EZ awards received. For tax-related questions, please contact your tax professional for guidance. If a grant applicant has any type of outstanding liability to the State (such as an outstanding tax liability), the awarded grant amount will be reduced by the dollar amount of the liability. DHCD does not have records of potential liabilities as this process is handled outside the agency. If you receive a grant award that is less than the amount noted in the qualification letter, please call the Department of Accounts at (804) 371-8383.

RECORD KEEPING REQUIREMENTS

DHCD may at any time review an applicant's records related to qualification under this section to assure that information provided in the application process is accurate. Qualified Zone Investors shall maintain all documentation regarding RPIG qualification for a minimum of three years following the receipt of the grant. Real Property Investment Grantees are annually monitored by DHCD at random. Grants that do not have adequate documentation regarding qualified real property investments may be subject to repayment.
